

VORUGANTI PRAVEEN

Java Full Stack Developer

+91 9951478032 | praveenshetty.code@gmail.com | linkedin.com/in/praveenvoruganti | Hyderabad, India

PROFESSIONAL SUMMARY

Results-driven Java Full Stack Developer with 4+ years of experience engineering scalable, secure, and high-performance applications across the full SDLC. Expert in Java, Spring Boot, React.js, and microservices architecture, with a track record of optimizing database performance, designing robust RESTful and GraphQL APIs, and deploying resilient cloud infrastructure on AWS to support enterprise-level financial and CRM systems.

CORE COMPETENCIES & TECHNICAL SKILLS

Backend: Java, Spring Boot, Hibernate, RESTful APIs, GraphQL APIs

Frontend: JavaScript, React.js, HTML5, CSS3, jQuery, FreeMarker, JSP

Databases: MySQL, Oracle, SQL

Cloud & DevOps: AWS (EC2, S3, RDS), Jenkins (CI/CD), Git, Maven, Shell Scripting, UNIX

Tools & Architecture: Microservices, Eclipse, VS Code, Log4j2, Postman, XML, JSON

PROFESSIONAL EXPERIENCE

Java Full Stack Developer — Lloyds Banking Group

Jul 2025 – Present

Hyderabad, India

- Architected and modernized critical banking applications using Java, Spring Boot, and React.js within a microservices-based architecture, improving system scalability.
- Engineered and optimized REST and GraphQL APIs for complex financial operations, reducing data retrieval latency.
- Implemented rigorous performance and security enhancements for financial workflows, achieving full compliance with industry-standard security practices.
- Collaborated with cross-functional engineering, QA, and DevOps teams to streamline CI/CD pipelines, increasing deployment frequency.

Full Stack Developer — iTalent Digital Pvt. Ltd. (client: Cisco)

Nov 2021 – Jun 2025

Hyderabad, India

- Developed and maintained enterprise-grade web applications using Java, Spring Boot, Hibernate, and React.js, supporting a large base of active users.
- Designed and integrated RESTful APIs to enable seamless data flow between decoupled front-end and back-end systems, improving application response time.
- Deployed and managed scalable application infrastructure on AWS, achieving high system uptime and reliability.
- Led comprehensive code reviews and optimized application rendering and database queries, improving overall scalability.

KEY PROJECTS

Lead Developer — Cisco Techzone Platform — iTalent Digital Pvt. Ltd.

Jan 2023 – Jun 2025

- Spearheaded the migration of legacy Java projects to modern Spring Boot frameworks, decreasing maintenance overhead.
- Engineered custom GraphQL APIs and managed complex MySQL databases to streamline data retrieval for an internal Cisco employee platform.
- Automated CI/CD workflows by triggering Jenkins jobs and building UNIX shell scripts for batch processing, cutting manual deployment time.
- Implemented robust authentication and authorization mechanisms to secure article publishing workflows.
- Recognized with the 'Innovation in Automation' award (2024) for exceptional contributions to platform efficiency.

Full Stack Developer — Cisco Reimagined Project (Khoros Platform) — iTalent Digital Pvt. Ltd.

Nov 2021 – Dec 2022

- Developed highly responsive customer-facing applications on the Khoros platform for Cisco Customer Experience (CSE).
- Programmed dynamic frontend and backend features using JavaScript, jQuery, and FreeMarker, improving user engagement.

- Integrated critical third-party APIs and managed version control using Git and SDKs to maintain a reliable, uninterrupted integration pipeline.

EDUCATION

M.Tech, Embedded Systems and Computing — Osmania University (2019 – 2021)

B.Tech, Computer Science and Engineering — Sree Dattha Group of Institutions, JNTUH (2015 – 2019)

CERTIFICATIONS

Not provided — add any relevant certifications (e.g., AWS Certified Developer, Oracle Java Certification) to strengthen this section.

ACHIEVEMENTS

- 'Innovation in Automation' award (2024), iTalent Digital Pvt. Ltd. — recognized for contributions to platform efficiency on the Cisco Techzone Platform.
